

# Meet the teacher:

*Mrs. Dietrich*

## About Me:

Hello! My name is Loren Dietrich. I have been in education for seventeen years with the majority of those years in the first and second grades. Teaching is and will always be my passion. Every child that has ever entered my classroom will always be "my kid" and I can promise you that our class will feel more like family when the school year is over. This will be my third year at this school and I am so excited for the exciting year ahead!

## Fun Facts:

- I love chocolate and probably eat too much!
- I have a golden doodle named Tippet.
- I love the color turquoise.
- I have two sons. My oldest is in third grade here at NCA.
- I love games - and we'll play a lot in class this year!
